

This is the front of the building. Note the door is between the Interchange exchange on the left and the Interchange exchange on the right.

The arrow points to the keypad on which you type the code to get in.

Hold the blue dongle attached to the key ring in front of the keypad (no need to make contact) and the door will unlock (you should hear a click and buzzing sound and you can then push the door open).

When you enter the building turn left at the end of the corridor for the elevator and stairs.

The stairs are straight ahead and the elevator is on right. The apartment is on the 3rd floor.

When you reach the top of the stairs or exit the elevator, turn left and follow the walkway all the way round. The lights will come on automatically as you walk

The apartment door is to the left, just beyond the doors to the back stairs.

The apartment door is number 8.
